### Daytripper Signs Worldwide Co-Publishing Deal with Philadelphia-Based Singer-Songwriter and Kill Rock Stars Recording Artist Ron Gallo

Toronto, Ontario (11 July 2023) – Daytripper Music Publishing, the creative-centric division of **CCS Rights Management** (CCS), has signed Philadelphia-based singer-songwriter and Kill Rock Stars recording artist Ron Gallo to a worldwide co-publishing deal.

Ron Gallo has released five albums including *Heavy Meta*, *Stardust Birthday Party*, *Really Nice Guys*, *PEACEMEAL*, and his latest album *FOREGROUND MUSIC* was released in March 2023 through Kill Rock Stars.

“We’re always striving to identify artists and songwriters who will fit in with our team and match our mantra at Daytripper,” said Jodie Ferneyhough, CCS Rights Management Founder and President. “Ron Gallo not only was an obvious choice for us to pursue, but we know he will truly benefit from the unique services we offer, and we’re excited to collaborate with Ron and help take his career to new levels.”

"I am very pumped to be working with Dayripper after our introduction at SXSW this year, just a week after my new album "FOREGROUND MUSIC" came out on Kill Rock Stars," said Ron Gallo. "I really like everyone I've met on the team and appreciate that they understand the DIY ethos - that everything in the music world is pretty symbiotic and that they want to work together on every aspect of the "business" beyond just publishing. Excited to find homes for these songs, to explore co-writing for the first time ever, and see what we can make happen together. Gonna be good!"
